RESTORING OUR WATERSHEDS USING NATIVE PLANTS: An Evening with Doug Tallamy

Please join us at Brown Memorial Park Avenue Presbyterian Church on September 25 at 7 p.m. for a very special evening with Doug Tallamy, nationally renowned expert on the benefits of restoring our landscapes, bird populations, and pollinators using native plants.

Tallamy will present his highly regarded lecture about the many ways home gardeners and institutions alike can make great strides in restoring the Chesapeake Bay Watershed by becoming more aware of the relationships between plants, birds, insects, and local habitats.

This talk is open to the public. Thanks to a generous grant from the Chesapeake Bay Trust, this event is free of charge, though donations to the church Green Team will be gratefully accepted.

- **WHERE:** Brown Memorial Park Avenue Presbyterian Church, 1316 Park Avenue, Baltimore, MD 21217
- **WHEN:** Tuesday, September 25, 7 p.m.
- **For More Information:** McKay Jenkins, Brown Green Team Chair, mckay@udel.edu
